e.g Common Frog	Rana temporaria	SZ101914	BNSS, Christchurch Road	4/08/2012	5	Froglets in garden pond

## The Bournemouth Naturally Partnership

- The Bournemouth Naturally project aims to build up a picture of ٠ biodiversity in Bournemouth by creating a database of your wildlife observations.
- Please contribute to the project by reporting your wildlife ٠ sightings in your garden or local greenspace. You can do this by filling in this form and returning it to Project Officer Heather Dixon: heatherdixon@bnss.org.uk, Bournemouth Natural Science Society, 39 Christchurch Road, Bournemouth, BH1 3NS.
