Dear Consultee

Reducing alcohol related anti-social behaviour. Consultation on the proposed Borough-wide 'Designated Public Places Order'.

Tackling alcohol related crime and disorder is a key priority for Bournemouth Borough Council. One way of tackling this is to create a town wide Designated Public Places Order, which gives the Police additional powers to tackle anti-social behaviour caused by people drinking in public. The attached sheet gives further details of the proposal.

In order to introduce this new power, we need to consult with people who might be affected by the order in the town. It would be of great help to us if you could give us a few minutes to read this information and answer the questions below.

We have provided a freepost address for you to return your responses, or alternatively you can respond at <http://archive.bournemouth.gov.uk/DPPO> could you please do so by 2nd December 2013.

Yours sincerely

Andrew Williams
Policy, Strategy & Communities Manager

Question

Do you support the proposed town-wide Designated Public Places Order?

Yes

No

If No, could you please state your reasons why below.

.....
.....
.....
.....
.....

If No, would you support the a Designated Public Places Order for a smaller part of the town

Yes

No

If so please state which areas.
